Project No. Q267	Conservation – PRWC Demand Management Implementation							
Polk Regional Water Cooperative							FY2022	
Risk Level:		Туре 1			Multi-Year	Multi-Year Contract: No		
Description								
n e n r t t t		Make available financial incentives and services to residential and commercial customers for up to nine conservation activities, including: high-efficiency toilet rebates; 0.5 gallon per flush urinals; enhanced conservation kits, standard conservation kits, vouchers for toilet and installation, soil moisture sensors, evapotranspiration (ET) irrigation controllers, landscape irrigation audits, and rain sensors. Also included is program promotion and administrative costs to ensure the success of the program. Should actual costs be less than anticipated, the Cooperator may perform more installations/rebates as the availability of funds allow. The Polk Regional Water Cooperative (PRWC) is collaborating with its members to implement and oversee the project.						
		The contractual Measurable Benefit will be the implementation of the program and the completion of a final report.						
Costs:		Total Project Costs: \$205,358 PRWC: \$102,679 District: \$102,679						
Evaluation								
Application Qu	uality:	Medium Application included most of the required information identified in the CFI guidelind District PM/CM had to work with the cooperator to obtain remaining required information.				e CFI guidelines. required		
Project Be	enefit:	High	High The benefit of the project is the conservation of approximately 12,519 - 64,622 gallons per day in the Southern Water Use Caution Area (SWUCA) and the Central Florida Water Initiative (CFWI). Savings will vary based on the participation rate across the nine possible conservation activities.					
Cost Effective	ness:	Medium Project cost effectiveness is between \$3.01 and \$6.00 per thousand gallons saved.						
Past Perform								
Complementary Ef	forts:	HighPRWC encourages, tracks, and provides planning and coordination for water conservation amongst its members.						
Project Readi	ness:	High Project is ready to begin on or before December 1, 2021						
Strategic Goals								
Strategic G	ioals:	High Strategic Initiative - Conservation: Enhance efficiencies in all water-use sectors to ensure beneficial use. Heartland Region Priority: Implement Southern Water Use Caution Area (SWUCA) Recovery Strategy						
Overall Ranking and Recommendation								
Fund as a High Priority Project will conserve potable water supply in the SWUCA and CFWI and is cost effective.
