

Springs Coast Steering Committee

Springs Funding Process

&

Proposed Meeting Dates

July 27, 2022

Southwest Florida
Water Management District

Vivianna Bendixson
SWIM Program Manager
Natural Systems & Restoration

Agenda

- Review and Request Approval for FY24 Springs Funding Process
 - Application
 - Evaluations and Criteria
 - Prioritization and Ranking Process
- Request Approval of Future Meeting Dates

Proposed application

Home » Projects » Springs in West-Central Florida » Springs Coast Steering, Management and Technical Committees

About Residents Business Programs & Projects Resources Recreation

Springs Coast Steering, Management and Technical Committees

There are more than 200 documented springs throughout the District. However, most individual springs cluster around 16 groups of springs, five of which are classified as first-magnitude groups based on the amount of water they discharge.

While recognizing the need to manage all springs, the District places a priority on the five first-magnitude spring groups: Rainbow, Crystal River/Kings Bay, Homosassa, Chassahowitzka, and Weeki Wachee. These spring groups, located in or discharging to an area known as the Springs Coast, collectively discharge more than one billion gallons per day.

Each spring system in the Springs Coast region is a unique, complex system with different sets of challenges, so each one will require different management techniques. To address these issues, the District invited local, regional and state agencies to form the Springs Coast Steering Committee (SCSC). The first goal of the SCSC is to develop management plans tailored for each spring system to identify issues, solutions, costs and responsibilities.

To assist in the effort, the SCSC has created the Springs Coast Management Committee (SCMC) to review technical data and make recommendations to the SCSC. The SCMC is composed of representatives from the founding organizations of the SCSC, along with other involved stakeholder groups. (See list below.)

Public Meetings Information »

Springs Coast Steering Committee Members

Agency	Representative	Title
City of Crystal River	Robert Holmes	City Council Member
Citrus County	Scott Carnahan	County Commissioner
Hernando County	Beth Narverud	County Commissioner
Marion County	Kathy Bryant	County Commissioner
Pasco County	Ron Oakley	County Commissioner
FDEP	Julie Espy	Director, Division of Environmental Assessment and Restoration

First Magnitude Springs in West-Central Florida

- Chassahowitzka Springs
- Crystal River/Kings Bay
- Homosassa Springs
- Rainbow Springs
- Weeki Wachee Springs

Springs Dashboards

View at-a-glance data on the first magnitude springs:

- Chassahowitzka Springs
- Homosassa Springs
- Kings Bay Springs
- Rainbow Springs
- Weeki Wachee Springs

FY2024 Springs Funding Application For a pre-application meeting contact Frank Gargano.

Proposed Application

This application should be completed and emailed with the appropriate calculations and map to Lisa.Laupert@swfwmd.state.fl.us by 5:00PM on October 7, 2022.

1. Applicant Information

Entity Name:

Is the Entity designated as an economically disadvantaged community? ☐ Yes ☐ No

Project Manager Name:

Project Manager Address:

Project Manager Phone Number:

Project Manager Email Address:

Email Lisa Laupert (SWFWMD)
by 5:00 PM October 7, 2022

- Complete application form
- Benefits calculation
- Location map
- Multi-year funding requests (if applicable)
- Supplemental questions for evaluation

Proposed Application – Changes from FY23

- Include additional questions for the updated FDEP Spreadsheet
- Reminder to submit benefit calcs on Forms A-C
- Form A
 - Page 1 and 2 identified
 - Number of parcels served
 - Source of existing septic tanks
- Form B – Reclaimed Projects
 - Water Use Permit questions
 - Forcemain length and diameter needs
 - Pump size needs
 - Description and number of parcels to be serviced
- Form C
 - Identify current and future land use
 - Identify if parcel adjoins public lands or easements
 - Respond if land will be held in conservation in perpetuity
 - Removed recharge potential (mgd)
 - Identify recharge per FDEP NSILT tool
 - Fair market value questions
 - Public access and/or education question
 - Identify any land management plans

Final Evaluation

FY2024
FDEP Springs Funding Application
for Projects within the Southwest Florida
Water Management District

This application should be completed and emailed with the appropriate calculations and map to Lisa.Lauper@swfwmd.state.fl.us by 5:00PM on October 7, 2022.

1. Applicant Information
Entity Name: _____
Is the Entity designated as an economically disadvantaged community? ☐ Yes ☐ No
Project Manager Name: _____
Project Manager Address: _____
Project Manager Phone Number: _____
Project Manager Email Address: _____

2. Project Information
Project Name: _____
Project Type: ☐ Make Selection
Is this a multiyear project? ☐ Yes ☐ No
Note: For multiyear funding request, please download the [multiyear funding request spreadsheet](#), complete the form, and send in with this application.
What is the anticipated start and end date for the work that will be conducted under this funding request (in MM/YYYY)?
Start Date: _____ End Date: _____
If applicable, please list the design and construction start and end dates (MM/YYYY).
Design: _____ Construction: _____
Estimated design completion at time of application: _____ % complete

Project No:	APP01	Spring County Wastewater Treatment Project	FY2023
Spring County			
Project Type:	Wastewater Collection & Treatment	Multyear Contract:	No
Description:	Design, permitting, and construction of a new 3 mgd advanced wastewater treatment (AWT) wastewater treatment plant (WWTP) in Spring County development, a lift station, wastewater force main, a biosolids treatment facility, and other necessary improvements to replace the existing 1 mgd conventional WWTP. Funding is also requested for reclaimed water infrastructure including 7 mg storage tank a pump station, transmission main, and control apurancements.		
Costs:	Total project cost: \$50,000,000 (Design, permitting, and construction) Applicant share: \$10,000,000 DEP share: \$40,000,000 Other share: \$0 District share: The county has requested \$15,000,000 from the District through the cooperative funding program. If approved, this will reduce the FDEP share to \$25,000,000.		
PROJECT INFORMATION			
Spring Information:	Benefiting spring: Rainbow		
Project Benefit:	High	Yes Benefiting spring is an OFS?	
		Yes Project located within the BMAP?	
		Yes Project located within the PFA?	
	High	The spring is approximately 2 miles from the project location. The benefit for this water quality project is the reduction of pollutant loads by an estimated 2000 lbs/yr TN.	
Cost Effectiveness:	High	The estimated cost for this project is \$ 123/lb of TN.	
Related Strategies:	High	Yes Project is listed in the BMAP list of projects or is anticipated to be listed in the BMAP in the next update?	
Local Match:	High	Yes Benefiting spring has an MFL?	
	High	No Project is part of a specific water quality or water quantity improvementment plan?	
	High	Notes: The project is anticipated to be listed in the BMAP projects in the next update.	
	High	Percent match is: Greater than 25%	
Project Readiness:	High	Notes: The project includes a local match in the amount of \$10,000,000, which is 20% of the total project cost.	
	High	Construction is ongoing or will start before Dec 31 of the fiscal year funding is being requested	
	High	Notes: The project is expected to begin in 2023 and end in 2025.
