

**Statement of Sources and Uses of Funds
For the Five Months Ended
February 28, 2026**

The attached "Statement of Sources and Uses of Funds" statement is provided for your review. This financial statement provides summary-level revenues (i.e., sources) and expenditures by program (i.e., uses). **This unaudited financial statement is provided as of February 28, 2026, with 41.7 percent of the fiscal year completed.**

This financial statement compares revenues recognized and encumbrances/expenditures made against the District's FY2025-26 available budget of \$534.4 million. Encumbrances represent orders for goods and services which have not yet been received.

Revenues (Sources) Status:

- Overall, as of February 28, 2026, 84 percent of the District's budgeted revenues/balances have been recognized.
- As of February 28, 2026, the District has received \$120,187,101 of ad valorem tax revenue representing 90 percent of the budget. This is in-line with the five-months prior year collection rates of 90 percent for FY2024-25 and 91 percent for FY2023-24. The budget represents 96 percent of estimated proceeds based on the taxable property values as certified by the District's sixteen counties multiplied by the Governing Board approved millage rate. Projections are based on historical collections.
- Intergovernmental Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For FY2025-26, \$37,732,058 revenues have been recognized, representing 40 percent of the budget. From year to year, the budgeted amount of intergovernmental revenue compared to the recognized amount can fluctuate for various reasons; projects can be in the planning stages and have not incurred a significant amount of expenditures, or anticipated projects may be canceled (e.g., cooperative funding projects).
- The FY2025-26 interest earnings budget was based on a 4.14 percent expected rate of return. The District's investment portfolio on February 28, 2026 is earning a weighted average yield of 3.87 percent. Interest earnings on invested funds in the amount of \$9,229,782 have been recognized representing 40 percent of the budgeted amount.
- License and Permit Fees consist of revenue from water use permits, environmental resource permits, water well construction permits, and water well construction licenses. Revenue recognized represents 38 percent of the budgeted amount as of February 28, 2026.
- As of February 28, 2026, other revenue earned 253 percent of the budgeted amount. Each year, items that fall within the "Other" revenue category are budgeted conservatively due to the uncertainty of the amounts to be collected. For example, revenues from timber sales, hog hunts, insurance recoveries and the sale of capital assets can vary significantly from year to year. The majority of the variance over budget is due to sales of capital assets in the amount of \$1,005,400.

- Fund Balance consists of balance from prior years (budgeted for the current year) plus fund balance associated with the ad valorem funded encumbrances that rolled into the current year.

Expenditures (Uses) Status:

Overall, as of February 28, 2026, the District had obligated 78 percent of its total budget.

Summary of Expenditures by Program

This financial statement illustrates the effort to date for each of the District's six statutory program areas (Section 373.536(5)(e)4, Florida Statutes). A discussion of the expenditures by program follows.

- The **Water Resource Planning and Monitoring Program** includes all water management planning, including water supply planning, development of minimum flows and levels, and other water resource planning; research, data collection, analysis, and monitoring; and technical assistance (including local and regional plan and program review). Of the \$60.9 million budgeted for this program, the District has obligated 68 percent of the budget (15 percent expended, and 53 percent encumbered).
- The **Land Acquisition, Restoration and Public Works Program** includes the development and construction of all capital projects (except for those contained in the Operation and Maintenance of Works and Lands Program), including water resource development projects/water supply development assistance, water control projects, and support and administrative facilities construction, land acquisition (i.e., Florida Forever program), and the restoration of lands and water bodies. Of the \$360.7 million budgeted for this program, the District has obligated 87 percent of the budget (13 percent expended, and 74 percent encumbered).
- The **Operation and Maintenance of Works and Lands Program** includes all operation and maintenance of facilities, flood control and water conservation structures, lands, and other works authorized by Chapter 373, Florida Statutes. Of the \$64.8 million budgeted for this program, the District has obligated 63 percent of the budget (13 percent expended, and 50 percent encumbered).
- The **Regulation Program** includes water use permitting, water well construction permitting, water well contractor licensing, environmental resource and surface water management permitting, permit administration, compliance and enforcement, and any delegated regulatory program. Of the \$29.0 million budgeted for this program, the District has obligated 39 percent of the budget (34 percent expended, and 5 percent encumbered).
- The **Outreach Program** includes all environmental education activities, such as water conservation campaigns and water resources education; public information activities; all lobbying activities relating to local, regional, state, and federal governmental affairs; and all public relations activities and advertising in any media. Of the \$3.8 million budgeted for this program, the District has obligated 40 percent of the budget (23 percent expended, and 17 percent encumbered).
