

**Statement of Sources and Uses of Funds
For the Eight Months Ended
May 31, 2025**

The attached "Statement of Sources and Uses of Funds" statement is provided for your review. This financial statement provides summary-level revenues (i.e., sources) and expenditures by program (i.e., uses). **This unaudited financial statement is provided as of May 31, 2025, with 66.7 percent of the fiscal year completed.**

This financial statement compares revenues recognized and encumbrances/expenditures made against the District's FY2024-25 available budget of \$496.5 million. Encumbrances represent orders for goods and services which have not yet been received.

Revenues (Sources) Status:

- Overall, as of May 31, 2025, 82 percent of the District's budgeted revenues/balances have been recognized.
- As of May 31, 2025, the District has received \$126,326,441 of ad valorem tax revenue representing 97 percent of the budget. This is in-line with the eight-month prior year collection rates of 97 percent for FY2023-24 and 98 percent for FY2022-23. The budget represents 96 percent of estimated proceeds based on the taxable property values as certified by the District's sixteen counties multiplied by the Governing Board approved millage rate. Projections are based on historical collections.
- Intergovernmental Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For FY2024-25, \$11,546,409 revenues have been recognized, representing 12 percent of the budget. From year to year, the budgeted amount of intergovernmental revenue compared to the recognized amount can fluctuate for various reasons; projects can be in the planning stages and have not incurred a significant amount of expenditures, or anticipated projects may be canceled (e.g., cooperative funding projects).
- The FY2024-25 interest earnings budget was based on a 4.00 percent expected rate of return. The District's investment portfolio on May 31, 2025 is earning a weighted average yield of 4.10 percent. For the eight months ended May 31, 2025, the District has earned 4.09 percent yield on its investments. Interest earnings on invested funds in the amount of \$15,247,170 have been recognized representing 70 percent of the budgeted amount.
- License and Permit Fees consist of revenue from water use permits, environmental resource permits, water well construction permits, and water well construction licenses. Revenue recognized represents 56 percent of the budgeted amount as of May 31, 2025.
- As of May 31, 2025, other revenue earned 573 percent of the budgeted amount. Each year, items that fall within the "Other" revenue category are budgeted conservatively due to the uncertainty of the amounts to be collected. For example, revenues from timber sales, hog hunts, insurance recoveries and the sale of capital assets can vary significantly from year to year. The variance over budget is mostly due to a land parcel sale in the amount of \$2,262,000.

For the Eight Months Ended May 31, 2025

- Fund Balance consists of balance from prior years (budgeted for the current year) plus fund balance associated with the ad valorem funded encumbrances that rolled into the current year.

Expenditures (Uses) Status:

Overall, as of May 31, 2025, the District had obligated 77 percent of its total budget.

Summary of Expenditures by Program

This financial statement illustrates the effort to date for each of the District's six statutory program areas (Section 373.536(5)(e)4, Florida Statutes). A discussion of the expenditures by program follows.

- The **Water Resource Planning and Monitoring Program** includes all water management planning, including water supply planning, development of minimum flows and levels, and other water resource planning; research, data collection, analysis, and monitoring; and technical assistance (including local and regional plan and program review). Of the \$64.1 million budgeted for this program, the District has obligated 81 percent of the budget (27 percent expended, and 54 percent encumbered).
- The **Land Acquisition, Restoration and Public Works Program** includes the development and construction of all capital projects (except for those contained in the Operation and Maintenance of Works and Lands Program), including water resource development projects/water supply development assistance, water control projects, and support and administrative facilities construction, land acquisition (i.e., Florida Forever program), and the restoration of lands and water bodies. Of the \$326.9 million budgeted for this program, the District has obligated 81 percent of the budget (8 percent expended, and 73 percent encumbered).
- The **Operation and Maintenance of Works and Lands Program** includes all operation and maintenance of facilities, flood control and water conservation structures, lands, and other works authorized by Chapter 373, Florida Statutes. Of the \$60.7 million budgeted for this program, the District has obligated 61 percent of the budget (25 percent expended, and 36 percent encumbered).
- The **Regulation Program** includes water use permitting, water well construction permitting, water well contractor licensing, environmental resource and surface water management permitting, permit administration, compliance and enforcement, and any delegated regulatory program. Of the \$26.2 million budgeted for this program, the District has obligated 65 percent of the budget (59 percent expended, and 6 percent encumbered).
- The **Outreach Program** includes all environmental education activities, such as water conservation campaigns and water resources education; public information activities; all lobbying activities relating to local, regional, state, and federal governmental affairs; and all public relations activities and advertising in any media. Of the \$3.6 million budgeted for this program, the District has obligated 58 percent of the budget (39 percent expended, and 19 percent encumbered).
