SECTION G

APPLICATION FOR AUTHORIZATION TO USE STATE OWNED SUBMERGED LANDS

Part I: Sovereign Submerged Lands title (ownership) information: Please read and answer the applicable questions listed below:

- A.** I have a sovereign submerged lands title check from the Division of State Lands which indicates that the proposed project is NOT ON sovereign submerged lands (please attach a copy of the title determination to the application). yes ____ no ____
 If you answered "yes" to question A and you have attached a copy of the Division of State Lands title check to this application, you do not have to answer any other questions under Part I, II or III.
- B.** I have a sovereign submerged lands title check from the Division of State Lands which indicates that the proposed project is ON sovereign submerged lands (please attach a copy of the title determination to the application). yes ____ no ____
 If you answered "yes" to question B please provide the information requested in Part II and III. Your application will be deemed incomplete until the requested information is submitted.
- C.** I am not sure if the proposed project is on sovereign submerged lands. Please check here ☐
 If you have checked this box, department staff will request that the Division of State Lands conduct a title check. If the title check indicates that the proposed project or portions of the project are located on sovereign submerged lands, you will be required to submit the information requested in Part II and III. The application will be deemed incomplete until the requested information is submitted.
- D.** I am not sure if the proposed project is on sovereign submerged lands and I DO NOT WISH to contest the department's findings. Please check here ☐
 If you have checked this box refer to Part II and III and provide the requested information. The application will be deemed incomplete until the requested information is submitted.
- E.** It is my position that the proposed project is NOT on sovereign submerged lands. Please check here ☐
 If you have evidence that indicates that the proposed project is not on sovereign submerged lands, please attach the documentation to the application. If the Division of State Lands title check indicates that your proposed project or portion of your proposed project is on sovereign submerged lands, you will be required to provide the information requested in Part II and III.
- F.** If you wish to contest the findings of the title determination conducted by the Division of State Lands, please contact the Department of Environmental Protection's General Counsel office. Your application will be deemed incomplete until either the information requested in Part II and III is submitted or a legal ruling indicates that the proposed project is not on sovereign submerged lands.

Part II: If you were referred to this section by Part I, please provide this additional information. Please note that if your proposed project is on sovereign submerged lands and the below requested information is not provided, your application will be considered incomplete.

- A.** Provide evidence of title to the subject riparian upland property in the form of a recorded deed, title insurance, legal opinion of title or a long-term lease which specifically includes riparian rights. Evidence submitted must demonstrate that the applicant has sufficient title interest in the riparian upland property.
- B.** Provide a detailed statement describing the existing and proposed upland uses and activities. For commercial uses, indicate the specific type of activity, such as marina, ship repair, dry storage (including the number of storage spaces), commercial fishing/seafood processing, fish camp, hotel, motel, resort, restaurant, office complex, manufacturing operation, etc.

For rental operations, such as trailer or recreational vehicle parks and apartment complexes, indicate the number of wet slip units/spaces available for rent or lease and describe operational details (e.g., are spaces rented on a month to month basis or through annual leases).

For multi-family residential developments, such as condominiums, town homes or subdivisions, provide the number of living units/ lots and indicate whether or not the common property (including the riparian upland property) is or will be under the control of a homeowners association.

For projects sponsored by a local government, indicate whether or not the facilities will be open to the general public. Provide a breakdown of any fees that will be assessed and indicate whether or not such fees will generate revenue or will simply cover costs associated with maintaining the facilities.

- C.** Provide a detailed statement describing the existing and proposed activities located on or over the sovereign submerged lands at the project site. This statement must include a description of docks and piers, types of vessels (e.g., commercial fishing, liveaboards, cruise ships, tour boats), length and draft of vessels, sewage pumpout facilities, fueling facilities, boat hoists, boat ramps, travel lifts, railways, and any other structures or activities existing or proposed to be located waterward of the mean high water line/ordinary high water line. If slips are existing and/or proposed, please indicate the number of powerboat slips and sailboat slips and the percentage of those slips available to the general public on a "first come, first served" basis. This statement must include a description of channels, borrow sites, bridges, groins, jetties, pipelines or other utility crossings, and any other structures or activities existing or proposed to be located waterward of the mean high water line/ordinary high water line. For shoreline stabilization activities, this statement must include a description of seawalls, bulkheads, riprap, filling activities and any other structures or activities existing or proposed to be located along the shoreline. Where applicable descriptions should include estimates of volumes (cubic yards) of material to be dredged and/or filled.
- D.** Provide the linear footage of shoreline at the mean high water line/ordinary high water line owned by the applicant which borders sovereign submerged lands.
- E.** Provide a recent aerial photo of the area. A scale of 1" = 200' is preferred. Photos are generally available at minimal cost from your local government property appraiser's office or from district Department of Transportation offices. Indicate on the photo the specific location of your property/ project site.
