Well Construction Permit Number: _____ Date Issued: _____

IMPORTANT REMINDERS

1. Pursuant to Rule 40D-3.101, F.A.C., application to construct a public supply well shall consist of:

(a) A completed and signed well construction permit application, accompanied by a \$130.00 permit processing fee (\$500.00 for public supply wells in Chapter 62-524, F.A.C., delineated areas).

(b) A completed and signed SWFWMD "Public Supply Well Information and Classification" Form.

(c) Two sets of site plans, scaled drawings or legal plats with sufficient detail to demonstrate compliance with well set back requirements in section 62-532.400, F.A.C. and location requirements in section 62-555.312, F.A.C.

2. Pursuant to Rule 40D-3.045, F.A.C., a permit for construction, repair, modification or abandonment of a well for which a water use permit is required under Chapter 40D-2, F.A.C., shall not be issued prior to issuance of the water use permit, except in certain situations as cited therein.

3. Public supply water use permit applicants who are regulated by the Florida Public Service Commission (FPSC) must submit with their water use permit application a copy of their FPSC "Certificate of Authorization." For further information on this requirement contact:

Florida Public Service Commission
Bureau of Certification
Gunter Building
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0850
(850) 413-6900
