You are invited to a Withlacoochee River Watershed Initiative public workshop

The Southwest Florida Water Management District (District) will hold a series of public workshops for the Withlacoochee River Watershed Initiative to gather feedback about the preliminary results of 19 model scenarios. These scenarios were evaluated to better understand how past or future changes may affect the Withlacoochee River and its surrounding watershed.

The public is invited to provide input at any of five scheduled regional public information workshops. These workshops will start with an open house from 4:30–5:30 p.m., a presentation and discussion with a panel of experts starting at 5:30 p.m., and then the open house continues until 7:30 p.m.

Workshops will be held at the following locations:
