- 1.5 **BID RECEIPT AND OPENING.** One (1) signed hardcopy original, four (3) hardcopies, one (1) exact electronic Adobe™ portable document format file (.PDF) copy of all required response documents including the Bid Response Forms must be received by the District's Procurement Office (PRO), Building 4, at the Southwest Florida Water Management District, 2379 Broad Street (U.S. Hwy. 41 South), Brooksville, Florida 34604-6899, on or before **April 14, 2020 at 2:00 p.m.** Signature is required on the one (1) hardcopy original of the Bid Response Form. Additionally, the District reserves the right to reject all bids, cancel the RFB, or cancel the Award or Intent to Award. Notice of cancellation or rejection will be posted on the District's website and sent to all bidders. No bidders will have any rights against the District arising from its selection by means of an Award or Intent to Award. An Award or Intent to Award does not constitute a contract with the District. Thus,

the District may cancel the Award or Intent to Award after it has been made but before a contract has been executed. Bidders are responsible for all costs associated with the preparation of its bid.

- 1.8 **BID WITHDRAWAL**. Bids may only be withdrawn prior to the date and time set forth in Paragraph 1.5 above if the District receives a signed written request to withdraw a bid from an authorized representative of the bidder.

- 1.11 **CONTRACT PRICE BID**. The project total bid amount must be written on the Bid Response Form and include the bid breakouts where indicated. The Agreement will include both fixed cost and unit cost pay items for the project work; however, the total project cost will not exceed the total bid amount as indicated on the Bid Response Form. The project total bid amount must be stated in both words and figures, as indicated in the appropriate place in the Bid Response Form. In the event there is a discrepancy between the price written in words and the price written in figures, the former will govern.
- 1.12 **OPTIONAL ALTERNATIVE BID PROPOSALS**. N/A.
- 1.13 **REJECTION OF BID**. The District reserves the right to reject any and all bids, or alternative bid proposals or waive any minor irregularity or technicality in bids received. Bids which are incomplete, unbalanced, conditional, obscure or which contain additions not required, or irregularities of any kind, or which do not comply in every aspect with the RFB, may be rejected at the option of the District. Obvious errors in the bid may be grounds for rejection of the bid.
- 1.14 **RESPONSIVE/RESPONSIBLE**. In order to be deemed responsive, the bidder must possess a General Contractor's license, at the time of bidder submittal. At the time of submitting a bid response, the District requires that the bidder be properly licensed and registered to do business in the State of Florida in accordance with applicable Florida Statutes (F.S.). Responses that do not meet all requirements of this solicitation or fail to provide all required information, documents, or materials as provided in Part IV, may be rejected as non-responsive. Bidders whose responses, past performance, or current status do not reflect the capability, integrity or reliability to fully and in good faith perform the requirements of the bid may be rejected as non-responsible. The District reserves the right to determine which responses meet the requirements of this solicitation, and which bidders are responsive and responsible. The District reserves the right before awarding the bid, to require a bidder to submit such evidence of their qualifications as it may deem necessary, and may consider any evidence available to it of the financial, technical and other qualifications and abilities of a bidder to perform the work in a satisfactory manner and within the time specified. The bidder is assumed to be familiar with all federal, state or local laws, ordinances, rules and regulations that in any manner affect the work, and to abide thereby if awarded the bid. Ignorance of legal requirements on the part of the bidder will in no way relieve responsibility. Bidders must verify the qualifications and performance record of any and all proposed subcontractors to ensure acceptability.

- 1.15 **REFERENCES.** Contractor shall provide references for at least 3 previous projects within the last ten years, as may be more specifically described in Attachment 2.
- 1.16 **LISTING OF SUBCONTRACTORS.** Upon the District's request, the Contractor must provide a list of all proposed subcontractors. All subcontractors of bidder shall perform as independent contractors and not as employees, representatives or agents of the District.

Bid recaps and bid tabulations will not be provided by telephone or fax. Pursuant to Section 119.071(1) (b), F.S., all bids submitted will be subject to review as public records thirty (30) days from bid opening or at the time the District provides notice of its intended decision if such decision is reached prior to the expiration of the thirty day period.
- The District will award the contract in accordance with Paragraph 4.1, Basis for Award of Contract.
- 1.17.1 The Notice of Intent to Award will be posted in the District's web site <http://www.watermatters.org/procurement>, at <http://www.demandstar.com/> and 2379 Broad Street, Building No. 4 Lobby, Brooksville, Florida 34604-6899.
- 1.17.2 Bid files may be examined at the Procurement Office in the Brooksville headquarters during normal working hours by appointment.
- 1.18 **BID PROTESTS.** Any bidder who protests the bid specifications or Award or Intent to Award, must file with the District a notice of protest and formal written protest in compliance with Chapter 28-110, Florida Administrative Code, and applicable provisions in Section 120.57, F.S. Failure to timely file such documents will constitute a waiver of proceedings under Chapter 120, F.S.
- 1.19 **EXECUTION OF CONTRACT.** By submitting a bid, bidder agrees to all the terms and conditions of this RFB and those included in the Sample Agreement attached as Attachment 9. Any changes offered by a bidder in a bid will not be considered by the District. The submittal of a bid will constitute acknowledgement of all terms and conditions of this RFB and the District will construe the bid as though no changes were presented. If a bidder desires to propose a change to a term or condition of the RFB or Sample Agreement, bidder must submit its request under the procedure set forth in Paragraph 1.4, Questions. The Contractor must submit a Performance, Payment and Guaranty Bond, Certificate of Insurance, Progress Schedule and Schedule of Values to the District within ten (10) days from notice that Contractor has been awarded the contract. Bids which do not comply with these requirements are subject to rejection. Bids lacking any written indication of intent to quote an alternate brand will be received and considered in complete compliance with the specifications as listed on the bid form. If the Contractor uses subcontractors to furnish services directly associated with the Agreement, performed in the United States, in an amount greater than \$3,000, the Contractor must include the requirements of this provision (appropriately modified for identification of the parties) in each subcontract. Information on registration for and use of the E-Verify Program can be obtained via the Internet at the Department of Homeland Security Web site: <http://www.dhs.gov/E-Verify>.

2.15 **LOBBYING PROHIBITION.** N/A.

2.16 **INDEMNIFICATION.** The Contractor agrees to indemnify and hold harmless the District, its agents, employees and officers, from and against all liabilities, claims, damages, expenses or actions, either at law or in equity, including attorneys' fees and costs and attorneys' fees and costs on appeal, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor, its agents, employees, subcontractors, assigns, heirs or anyone for whose acts or omissions any of these persons or entities may be liable during the Contractor's performance under the Agreement. This Paragraph shall survive the expiration or termination of the Agreement.

2.17 **INSURANCE.** The Agreement resulting from this RFB will require the Contractor to maintain during the entire term of the Agreement, insurance in the kinds and amounts or limits with a company or companies authorized to do business in the State of Florida as listed in Attachment 9, Sample Agreement, Paragraph 10, Insurance Requirements. The Contractor will not commence work under the contract until the District has received an acceptable certificate or certificates of insurance showing evidence of such coverage. Certificates of insurance must reference the District Agreement Number and Project Manager.

2.18 **BONDING.**

2.18.1 **BID BOND.** Bidders will furnish a bid bond, cash, cashier's check or certified check with the bid response in the amount equal to five percent (5%) of their **PROJECT TOTAL BID AMOUNT** as a guarantee that the awarded bidder will enter into an Agreement with the District and furnish the required Performance Bond. (Sample is attached to this RFB).

2.18.1.1 After the bids have been compared, the District may, at its discretion, return the bid bonds accompanying such bids as in its judgment would not likely be considered in making the contract award. All other bid bonds will be held until the contract and performance bond have been executed.

2.18.2 **PERFORMANCE, PAYMENT AND GUARANTY BOND.** Prior to the District's execution of the Agreement, a Performance, Payment and Guaranty Bond that conforms with Section 255.05, F.S., will be required of the Contractor. (Sample is attached to this RFB).

2.18.2.1 The Performance, Payment, and Guaranty Bond must be for an amount not less than the total bid amount. The bond must remain in full force and effect through the District's final acceptance of the work. The cost of this bond must be included in the project total bid amount on the Bid Response Form.

2.18.2.2 This Bond must be written through a surety company licensed to do business in the State of Florida that holds a Certificate of Authority as an acceptable surety on federal bonds (Department of Treasury's Listing of Approved Sureties, Department Circular 570).

2.18.2.3 In lieu of providing a Performance, Payment and Guaranty Bond, at the discretion of the District, a bidder may substitute either cash, in the required amount (payable to the District's cashier), a certified or bank cashier's check from a national or state bank made payable to the District in the required amount, or an irrevocable letter of credit in the required amount.

2.18.2.4 If the amount of the Agreement increases after award of the Project, the District agrees to pay the Contractor for any bond premium increase it incurs, at the rate of incursion, if such premium is reasonable, as determined by the District in its sole discretion. The District's payment obligation under this section is contingent upon the Contractor providing documentation evidencing said premium increase.

2.18.3 **POWER OF ATTORNEY.** Bid Bonds and Performance, Payment and Guaranty Bonds signed by an Attorney-in-Fact must be accompanied by a certified copy of such person's Power of Attorney to sign.

2.19 **ARCHAEOLOGICAL, HISTORICAL AND CULTURAL SITES.** If archaeological artifacts are uncovered during construction, the Contractor must stop work in the area and promptly notify the District so that a course of action can be determined.

2.20 **TRENCH SAFETY ACT.** The Contractor must comply with the Trench Safety Act, Section 553.60 through 553.64, F.S. The Contractor must complete and submit the Trench Safety Act Compliance Form (Sample is attached to this RFB), as part of the Contractor's bid package.

2.21 **VALUE ENGINEERING.** After the contract is awarded, the Contractor is encouraged to develop, prepare, and submit value engineering proposals (VEPs) voluntarily. Substitution of materials or equipment in lieu of that specified will not necessarily be considered a VEP. To be considered as a VEP, the substitution must involve cost savings other than a simple reduction in price of the equipment or materials. The Contractor will submit VEPs to the District.

2.21.1 VEP submittals must include, at a minimum, the following information:

2.21.1.1 A description of the difference between the existing contract requirement and that proposed, the comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, and the effect of the change on the end item's performance.

2.21.1.2 A list and analysis of the contract requirements that must be changed if the VEP is accepted, including any suggested specification revisions. Upon District acceptance, any design change to the plans and specifications must be prepared under the supervision of a Professional Engineer in the State of Florida at the Contractor's expense.

2.21.1.3 A separate, detailed cost estimate for: 1) the affected portions of the existing contract requirement, and 2) the VEP. The cost reduction associated with the VEP will take into account the Contractor's costs, including any amount attributable to subcontracts.

2.21.1.4 A description and estimate of costs that the District may incur or save in implementing the VEP, such as test and evaluation, operating, maintenance and support costs.

2.21.1.5 A statement of the time by which a Change Order accepting the VEP must be issued in order to achieve the maximum cost reduction, noting any effect on the contract completion time.

2.21.1.6 Identification of any previous submissions of the VEP, including the dates submitted, the contract numbers involved, and previous District actions.

2.21.1.7 The Contractor may withdraw any VEP, in whole or in part, at any time before it is accepted by the District.

2.21.2 The District will notify the Contractor of the status of the VEP within fourteen (14) calendar days after the District receives it. If additional time is required, the District will provide the reason for the delay and the expected date of the decision. The District will review VEPs timely, however, it will not be liable for any delay in acting upon a VEP.

2.21.2.1 At the sole discretion of the District, any VEP may be accepted, in whole or in part, by the District's execution of a Change Order to the Agreement. Until a Change Order is executed which applies a VEP to the Agreement, the Contractor will perform in accordance with the existing Agreement. The District's decision to accept or reject all, or part of any VEP, will be final and not subject to dispute or otherwise subject to litigation.

2.21.2.2 If the VEP is not accepted, the District will notify the Contractor in writing, explaining the reasons for rejection.

2.21.3 The Contractor's share of savings is determined by subtracting District costs from contract savings and multiplying the result by fifty percent (50%) for fixed-price contracts. The District Change Order will reduce the contract price by the net savings of the VEP less the Contractor's share.

2.21.4 The Contractor is encouraged to include an appropriate value engineering clause in any subcontract and to share any cost savings with its subcontractors.

2.22 **DRAWINGS AND SPECIFICATIONS.** N/A

2.23 **FAILURE TO COMPLETE THE WORK ON TIME.** The Contractor will take into account all contingent work which is to be done by other parties arising from any cause whatsoever, and will not plead his want of knowledge of said contingent work as an excuse for delay in its work or for non-performance.

2.23.1 Nothing in this Paragraph will be construed as limiting the right of the District to declare the Agreement forfeited, or to take over the work, or to claim damages for the failures of the Contractor to abide by each and every one of the terms contained in the Contract Documents. Completion date will be construed as being the date on which the work is fully accepted by the District.

2.23.2 If the Contractor is delayed at any time, in the progress of the work, by an act of neglect of the District or its employees, agents, or consultants or by changes ordered by the District or by strikes, lock-outs, fire, unavoidable casualties or any other causes beyond the Contractor's control, then the time of completion will be extended for such reasonable time as the District's Project Manager may decide. This is the Contractor's sole remedy for the delays set forth in this Paragraph.

2.24 **LIQUIDATED DAMAGES.** The parties agree that time is of the essence in the work provided for herein and that a precise determination of actual damages which could be incurred by the District for delay in the completion of the work provided for herein would be difficult to ascertain. Accordingly, the parties agree that the liquidated damages, for each and every day that the time consumed in completing the work provided for herein exceeds the time allowed therefore shall be Five Hundred Dollars (\$500.00) per calendar day. The parties specifically agree that the liquidated damages provided herein do not constitute a penalty. The amount of liquidated damages

occasioned by the Contractor's delay will be deducted and retained out of the monies payable to the Contractor. If not so deducted the Contractor and sureties for the Contractor shall be liable thereof. This Paragraph shall survive the expiration or termination of the Agreement.

- 2.25 **CONTRACTOR'S UNDERSTANDING.** It is understood and agreed that the Contractor has, by careful examination, satisfied himself as to the nature and location of the work, the character, quality and quantity of the materials to be encountered, the character of the equipment and facilities needed preliminary to and during the prosecution of the work, the general and local conditions, and all other matters which can in any way affect the work under the Agreement. The Contractor acknowledges that he has investigated and correlated his observations with the requirements of this RFB and satisfied himself as to the conditions affecting the work. These conditions include, but are not restricted to, those bearing upon transportation, disposal, handling and storage of materials, availability of labor, water, electric power, roads and uncertainties of weather, river stages, lake stages, tides, or similar physical conditions at the site, and the character of equipment and facilities needed preliminary to and during prosecution of the work. The Contractor further acknowledges that he has satisfied himself as to the character, quality and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all Drawings and Specifications and all other documents made a part of this RFB. Any failure by the Contractor to acquaint himself with the available information will not relieve Contractor from its responsibility for estimating properly the difficulty or cost of successfully performing the work. The District assumes no responsibility for any conclusions or interpretations made by the Contractor on the basis of the information made available by the District, its officers or employees prior to the execution of the Agreement, unless such information has been stated expressly in this RFB. If the Contractor believes that any subsurface or physical condition that is uncovered or revealed either: 1) is of such a nature as to establish that any technical data on which Contractor is entitled to rely under this RFB is materially inaccurate; or 2) is of such a nature as to require a change in the Contract Documents; or 3) differs materially from that shown or indicated in the Contract Documents; or 4) is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents; then Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any work in connection therewith, notify the District and Engineer in writing about such condition. The Contractor shall not further disturb such condition or perform any work in connection therewith (except as aforesaid) until receipt of written order to do so.
- 2.26 **MATERIALS, APPLIANCES, EMPLOYEES.** Unless otherwise stipulated, the Contractor will furnish and pay for all materials, labor, water, tools, equipment, light, power, transportation and other facilities necessary for the execution and completion of the work.
- 2.27 **TOOLS, PLANTS AND EQUIPMENT.** If at any time before the commencement or during the progress of the work, tools, plants or equipment appear to the District to be insufficient, inefficient or inappropriate to secure the quality of work required, or the proper rate of progress, the District may order the Contractor to increase their efficiency, to improve character, to augment its number or substitute new tools, plants or equipment, as the case may be and the Contractor will conform to such order. The failure of the District to demand such increase of efficiency will not relieve the Contractor of his obligation to secure the quality of work and the rate of progress necessary to complete the work within the time required by the Agreement and to the satisfaction of the District.
- 2.28 **MATERIALS AND EQUIPMENT SCHEDULES.** As soon as practicable after the execution of the Agreement, and before any material or equipment is purchased, the Contractor will submit to the District for approval a complete list of materials and equipment to be incorporated in the work. Any materials listed, which are not in accordance with the Agreement requirements, will be rejected.

- 2.29 **STANDARDS FOR QUALITY AND WORKMANSHIP.** All materials, equipment, and supplies furnished by the Contractor for permanent incorporation in the work will be new and of quality standards specified. Workmanship will be first class and the finished product equal to the best-accepted standards of the trade for the category of work performed. It is the District's intent to obtain a high-quality job that will operate and function with least maintenance costs.
- 2.30 **GUARANTEE.** All equipment, materials and installation thereof which are furnished by the Contractor will be guaranteed by the Contractor against defective workmanship, mechanical and physical defects, leakage, breakage and other damages and failure under normal operation for a period of one year from the date of acceptance thereof by the District. Each item of equipment or materials and installation proving to be defective within the specified period of the guaranty will be replaced without cost to the District by the Contractor or by the Surety.
- 2.31 **ESTIMATED QUANTITIES.** Unless otherwise specified, the quantities stipulated in the bid for various items are approximate only and subject to increase or decrease in order to make them conform to the program or work selected and actual construction performed. The Contractor will perform a complete and finished job of the scope designated in the award whether the final quantities are more or less than those estimated. The Contractor will be responsible for verifying all estimated quantities and incorporating any adjustments from the computation into the Project Total Bid Amount(s) submitted in response to this RFB.
- 2.32 **PERMITS AND REGULATIONS.** The Contractor will be responsible to secure all necessary permits for the project. The Contractor will keep copies of these permits at the construction site(s) throughout the construction period. The Contractor will be responsible for complying with all conditions of the aforementioned permits.
- 2.33 **PROTECTION OF WORK AND PROPERTY.** The Contractor will continuously maintain adequate protection of all his work from damage and will protect the adjacent properties and all others from injury or loss arising in connection with the performance of the Project work. Contractor will make good any such damage, injury or loss except such as may be directly due to errors in the Contract Documents or caused by the agents or employees of the District. The Contractor will adequately protect and maintain all passageways, guard fences, lights and other facilities for safety protection required by public authority or local conditions.
- 2.33.1 At all times, the Contractor will protect all public and privately-owned property, structures, utilities, and work of any kind against damage or interruption of service which may result from the operations of the Contractor. Damage or interruption to service resulting from failure to do so will be repaired or restored at the expense of the Contractor.
- 2.34 **CONSTRUCTION ACCESS.** The Project site is on public property. The Contractor must access the Project site (Structure S-159 property) located in Hillsborough County, Florida.
- 2.35 **INSPECTION OF WORK.** The District and its representatives will at all times have access to the work whether it is in preparation or progress, and the Contractor will provide proper facilities for access and for inspection. The work will be conducted to the satisfaction of the District and is subject to inspection by its appointed inspectors to ensure compliance with the terms of the Agreement. No inspector is authorized to change any provision in this RFB without written authorization of the District, nor will the presence or absence of an inspector relieve the Contractor from any requirements of the Agreement.
- 2.35.1 If the Contract Documents, the District's instructions, or laws, ordinances or any public authority require any work to be specially inspected, tested or approved, the Contractor

will give the District timely notice of its readiness for inspection; and if the inspection is by another authority, then will advise the District of the date fixed for such inspection. Inspections by the District will be promptly made, and where practicable, at the source of supply. If any work should be covered up without approval or consent of the District, it will be uncovered for examination at the Contractor's expense.

- 2.36 **TESTS.** The District will have the right to require all materials to be submitted to test prior to incorporation into the work by an appropriately certified testing company. In some instances, it may be expedient to make these tests at the source of supply, and for this reason, it is requested that the Contractor furnish the District with information concerning the location of his source before incorporating material into the work. This does not in any way obligate the District to perform tests for acceptance of material and does not relieve the Contractor of his responsibility to furnish satisfactory material. The Contractor will furnish two (2) copies of manufacturer's certificate of compliance with these specifications covering manufactured items incorporated into the work. The Contractor will pay all costs for testing required, together with other changes incidental to testing.
- 2.37 **CONTRACTOR SUPERINTENDENCE.** The Contractor will keep, on each project site(s) during its progress, a competent superintendent and any necessary assistants. Upon the District's request and approval, the Contractor must provide a list of all proposed superintendents. Any personnel changes in the superintendent will require prior written consent of the District. The superintendent will represent the Contractor in his absence. The superintendent will give efficient supervision to the work using his best skill and attention.
- 2.38 **HOURS OF WORK.** Working hours will generally be considered as being from 7:00 a.m. to 7:00 p.m., Monday through Friday. Work hours must comply with local ordinances of Hillsborough County, Florida. Work done at times other than the above will be considered overtime work for the District.
- 2.39 **PROGRESS SCHEDULE AND SCHEDULE OF VALUES (POST-AWARD).** The Contractor shall prepare, submit, and maintain a Progress Schedule for the Project. The Progress Schedule, which will be accompanied by a Schedule of Values, will be the primary means of control of the project, and will be used as the basis of scheduling all work and for determination of contract progress payments. **The Contractor must submit the Progress Schedule and Schedule of Values to the District within ten (10) days from notice that Contractor has been awarded the contract. Upon approval, the District will incorporate the Progress Schedule and Schedule of Values into the Agreement.**

The Progress Schedule will contain a Gantt chart detailing individual activities of work. The chart schedule will consist of every activity with a duration of five (5) days or more, a value of \$5,000 or more, or any other activity with a critical impact on the job schedule. Shop drawing submittal and review, equipment delivery and all quality or operational testing activities will be included.

The Schedule of Values, which will be satisfactory in form and substance to the District, will subdivide the work into its component parts in sufficient detail to serve as the basis for measuring quantities in place and calculating amounts for progress payments during construction. An unsupported or unreasonable allocation of the total contract bid price to any one of the activities or work items will be justification for the rejection of the Schedule of Values. The Contractor will not submit an unbalanced Schedule of Values, which provides for overpayment to the Contractor on activities that are to be performed first. The Schedule of Values will be revised and resubmitted until acceptable to the District. The District will not enter into an Agreement with the Contractor until the Schedule of Values has been approved in writing by the District. Once the Schedule has been accepted by the District, the Contractor will honor prices contained in the Schedule of Values. The total sum of the individual values of the Schedule of Values for each of the activities will equal the total contract price.

- 2.40 **JESSICA LUNSFORD ACT.** The work may require Contractor to enter school grounds when students are present. Accordingly, as required by Section 1012.465, F.S., Contractor's employees, agents and subcontractors that will enter school grounds must meet level 2 screening requirements as described in Section 1012.32, F.S. Contractor must provide evidence that it is in compliance with this requirement no later than ten (10) days prior to work commencement.

In any case, repair mortar shall be added so that the minimum cover over existing reinforcing steel is two (2) inches. The CONTRACTOR shall not place repair mortar so as to create locally raised areas. Where there is a transition with wall surfaces which are not in need of repair, the repair mortar shall not be feathered at the transition. A score line shall be sawcut to not less than the minimum repair mortar depth and concrete chipped out to it to form the transition. Care shall be taken to not cut or otherwise damage any reinforcing steel.

- 10.3 The DISTRICT and its employees, agents, and officers must be named as additional insured on the general liability policy to the extent of the DISTRICT'S interests arising from this Agreement.
- 10.4 The CONTRACTOR must carry workers' compensation insurance in accordance with Chapter 440, F.S. if applicable. If CONTRACTOR hires or leases employees through a third-party arrangement, the DISTRICT must have a certificate of workers' compensation coverage evidencing coverage for the CONTRACTOR from the third party. If the CONTRACTOR does not carry workers' compensation coverage, CONTRACTOR must submit to the DISTRICT both an affidavit stating that the CONTRACTOR meets the requirements of an independent contractor as stated in Chapter 440, F.S. and a certificate of exemption from workers' compensation coverage.
- 10.5 The CONTRACTOR shall provide a builder's risk insurance policy (all-risk perils including flood) to the DISTRICT in the amount of one hundred percent (100%) of the value of the complete building/structure. The DISTRICT is to be named as additional insured on the policy.
- 10.6 CONTRACTOR must notify the DISTRICT in writing of the cancellation or material change to any insurance coverage required by this Agreement. Such notification must be provided to the DISTRICT within five (5) business days of the CONTRACTOR'S notice of such cancellation or change from its insurance carrier.
- 10.7 The CONTRACTOR must obtain certificates of insurance from any subcontractor otherwise the CONTRACTOR must provide evidence satisfactory to the DISTRICT that coverage is afforded to the subcontractor by the CONTRACTOR'S insurance policies.

11. BONDING REQUIREMENTS.

Prior to the effective date of this Agreement, the CONTRACTOR, at its sole expense, will provide the DISTRICT with a Performance, Payment and Guaranty Bond in the amount of _____ Dollars (\$_____) as security for the performance of all the CONTRACTOR'S obligations under this Agreement pursuant to the terms and conditions of Section 255.05, F.S. The bond must be in a form and with sureties that are acceptable to the DISTRICT and must provide that it will remain in full force and effect during the entire term of this Agreement, plus one (1) year from the date of the DISTRICT'S acceptance of the PROJECT at final completion. The CONTRACTOR agrees to repair, replace or otherwise correct any defects in the work performed or furnished according to the terms and conditions of this Agreement. If the DISTRICT determines that any part of the PROJECT is defective and requires repair or replacement, the DISTRICT will notify the CONTRACTOR of the defect in writing. If the CONTRACTOR refuses or neglects to repair, replace or otherwise satisfactorily correct the defect within the time specified by the DISTRICT, the DISTRICT has the option to have the work performed or furnished by others and the cost will be paid by the CONTRACTOR or its surety.

Any increase in the amount of this Agreement will require the CONTRACTOR to automatically increase the Performance, Payment and Guaranty Bond to equal the revised amount. The CONTRACTOR must provide the DISTRICT with evidence of same prior to commencing the additional work.

12. TERMINATION WITHOUT CAUSE.

This Agreement may be terminated by the DISTRICT without cause upon ten (10) days written notice to the CONTRACTOR. Termination is effective upon the tenth (10th) day as counted from the date of the written notice. In the event of termination under this paragraph, the CONTRACTOR will be entitled to compensation for all services provided to the DISTRICT up to the date of termination on a pro-rated basis and which are within the Scope of Work, are documented in the Budget, and are allowed under this Agreement.

13. DEFAULT.

Either party may terminate this Agreement upon the other party's failure to comply with any term or condition of this Agreement, as long as the terminating party is not in default of any term or condition of this Agreement at the time of termination. To effect termination, the terminating party will provide the defaulting party with a written "Notice of Termination" stating its intent to terminate and describing all terms and conditions with which the defaulting party has failed to comply. If the defaulting party has not remedied its default within thirty (30) days after receiving the Notice of Termination, this Agreement will automatically terminate. The parties agree that this Agreement is an executory contract. If, after termination by the DISTRICT, it is determined that the CONTRACTOR was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the DISTRICT. In addition to the above, the DISTRICT may terminate this Agreement in accordance with Paragraph 11 of Exhibit "A."

14. RELEASE OF INFORMATION.

The CONTRACTOR agrees not to initiate any oral or written media interviews or issue press releases on or about the PROJECT without providing notices or copies to the DISTRICT'S Project Manager and Public Affairs Bureau Chief no later than three (3) business days prior to the interview or press release.

15. ASSIGNMENT.

Except as otherwise provided in this Agreement, CONTRACTOR may not assign any of its rights or delegate any of its obligations under this Agreement without the prior written consent of the DISTRICT. If the CONTRACTOR assigns its rights or delegates its obligations under this Agreement without the DISTRICT'S prior written consent, the DISTRICT is entitled to terminate this Agreement. If the DISTRICT terminates this Agreement, the termination is effective as of the date of the assignment or delegation. Any termination is without prejudice to the DISTRICT'S claim for damages.

16. LAW COMPLIANCE.

The CONTRACTOR will abide by and assist the DISTRICT in satisfying all applicable federal, state and local laws, rules, regulations and guidelines, related to performance under this Agreement. The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, handicap, disability, marital status or national origin.

17. EMPLOYMENT ELGIBILITY VERIFICATION.

The Contractor agrees to enroll and participate in the federal E-Verify Program for Employment Verification under the terms provided in the "Memorandum of Understanding" governing the program within ninety (90) days of the effective date of the Agreement. The Contractor must provide to the District a copy of the "Edit Company Profile" screen indicating enrollment in the E-Verify Program and agrees to make such record available to the Florida Department of Environmental Protection upon request. If the Contractor uses subcontractors to furnish services directly associated with the Agreement, performed in the United States, the Contractor must include the requirements of this provision (appropriately modified for identification of the parties) in each subcontract. Information on registration for and use of the E-Verify Program can be obtained via the Internet at the Department of Homeland Security Web site: <http://www.dhs.gov/E-Verify>.

18. VENUE AND APPLICABLE LAW.

All claims, counterclaims, disputes, and other matters in question between the parties to this Agreement, arising out of or relating to this Agreement or the breach of it will be decided in accordance with the laws of the State of Florida and by a court of competent jurisdiction within the State of Florida and Venue will lie exclusively in the County of Hillsborough. This provision shall survive the termination or expiration of this Agreement.

19. REMEDIES.

Unless specifically waived by the DISTRICT, the CONTRACTOR'S failure to timely comply with any obligation in this Agreement will be deemed a breach of this Agreement and the expenses and costs incurred by the DISTRICT, including attorneys' fees and costs and attorneys' fees and costs on appeal, due to said breach will be borne by the CONTRACTOR. Additionally, the DISTRICT will not be limited by the above but may avail itself of any and all remedies under Florida law for any breach of this Agreement. The DISTRICT'S waiver of any of the CONTRACTOR'S obligations will not be construed as the DISTRICT'S waiver of any other obligations of the CONTRACTOR. This provision shall survive the termination or expiration of this Agreement.

20. ATTORNEY FEES.

Should either party employ an attorney or attorneys to enforce any of the provisions of this Agreement, or to protect its interest in any matter arising under this Agreement, or to recover damages for the breach of this Agreement, the party prevailing is entitled to receive from the other party all reasonable costs, charges and expenses, including

attorneys' fees, expert witness fees, fees and costs on appeal, and the cost of paraprofessionals working under the supervision of an attorney, expended or incurred in connection therewith, whether resolved by out-of-court settlement, arbitration, pre-trial settlement, trial or appellate proceedings, to the extent permitted under Section 768.28, F.S. This provision does not constitute a waiver of the DISTRICT'S sovereign immunity or extend the DISTRICT'S liability beyond the limits established in Section 768.28, F.S. This provision shall survive the termination or expiration of this Agreement.

21. DRUG-FREE WORKPLACE.

Prior to the commencement of any work by the CONTRACTOR pursuant to the terms of this Agreement, the CONTRACTOR must provide the DISTRICT with written certification that it has implemented a drug-free workplace program in accordance with Subsection 440.102(15), F.S., and provide the DISTRICT with the written certifications from any subcontractors to which the provisions of Subsection 440.102(15), F.S., also apply.

22. SUBCONTRACTORS.

Nothing in this Agreement will be construed to create, or be implied to create, any relationship between the DISTRICT and any subcontractor of the CONTRACTOR.

23. DISADVANTAGED BUSINESS ENTERPRISES.

The DISTRICT expects the CONTRACTOR to make good faith efforts to ensure that disadvantaged business enterprises, which are qualified under either federal or state law, have the maximum practicable opportunity to participate in contracting opportunities under this Agreement. Invoice documentation submitted to the DISTRICT under this Agreement must include information relating to the amount of expenditures made to disadvantaged businesses by the CONTRACTOR in relation to this Agreement, to the extent the CONTRACTOR maintains such information.

24. THIRD PARTY BENEFICIARIES.

Nothing in this Agreement will be construed to benefit any person or entity not a party to this Agreement.

25. PUBLIC ENTITY CRIMES.

Pursuant to Subsections 287.133(2) and (3), F.S., a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, F.S., for Category Two, for a period of 36 months following the date of being placed on the convicted vendor list. By signing this Agreement, CONTRACTOR warrants that it is not currently on a suspended vendor list

and that it has not been placed on a convicted vendor list in the past 36 months. CONTRACTOR further agrees to notify the DISTRICT if placement on either of these lists occurs.

26. SCRUTINIZED COMPANIES.

Pursuant to Section 287.135, F.S., a company that, at the time of submitting a bid or proposal for a new contract or renewal of an existing contract, is on the Scrutinized Companies that Boycott Israel List, or is engaged in a boycott of Israel, is ineligible to, and may not bid on, submit a proposal for, or enter into or renew a contract with an agency or local governmental entity for goods or services in any amount. If the goods or services are in the amount of \$1 million dollars or more, the company must also not be on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or be engaged in business operations in Cuba or Syria. By signing this Agreement, the CONTRACTOR certifies that it is not on any of the lists or engaged in any of the prohibited activities identified above, as applicable based upon the amount of this Agreement. The CONTRACTOR agrees to notify the DISTRICT if it is placed on any of the applicable lists or engages in any of the prohibited activities during the term of this Agreement. The DISTRICT may immediately terminate this Agreement at its option if the CONTRACTOR is found to have submitted a false certification, is placed on any of the applicable lists or engages in any prohibited activities.

27. ENTIRE AGREEMENT.

This Agreement and the attached exhibits listed below constitute the entire agreement between the parties and, unless otherwise provided herein, may be amended only in writing, signed by all parties to this Agreement.

AGREEMENT
BETWEEN THE
SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT
AND

FOR
S-159 UPPER AND MIDDLE CONCRETE RESTORATION PROJECT

EXHIBIT "A"

SPECIAL PROJECT TERMS AND CONDITIONS

1. The CONTRACTOR, by thorough examination, will satisfy itself as to the nature and location of the work, the conformation of the ground, the character, quality and quantity of the materials to be encountered, the character of the equipment and facilities needed preliminary to and during the prosecution of the work, the general and local conditions, and all other matters which can in any way affect work on the PROJECT.
2. During construction of the PROJECT the CONTRACTOR will keep a competent superintendent on the PROJECT site who is authorized to represent the CONTRACTOR in CONTRACTOR'S absence. The CONTRACTOR will maintain an office, off site, staffed by an employee of the CONTRACTOR, who has the ability to reach the CONTRACTOR in case of emergency during regular DISTRICT business hours (0800 - 1700, Monday through Friday). Answering services and mechanical telephone answering machines are not an acceptable substitute.
3. Prior to commencing work the DISTRICT and CONTRACTOR will mutually agree upon the location of parking, material storage, dumpster, restroom and concrete wash out areas. Upon completion, the CONTRACTOR will restore all disturbed areas to their original condition.
4. All persons entering the PROJECT area on behalf of the CONTRACTOR will adhere to posted speed limits and traffic patterns.
5. Foul/offensive language will not be permitted; harassment of any type will not be permitted; firearms, other than power actuated devices are NOT PERMITTED at the PROJECT site. This includes bow and arrow.
6. One Notice to Proceed will be issued by the DISTRICT as follows:
 - 6.1 Notice to Proceed with Construction. This notice pertains to mobilization and construction. Under no circumstances will this notice be issued until all necessary permits are obtained.
 - 6.2 Any costs, direct or indirect, arising out of or resulting from a delay in the Notice to Proceed with Construction, will be the responsibility of the CONTRACTOR. Claims by the CONTRACTOR for additional compensation related to a delay in a Notice to Proceed will not be considered or accepted by the DISTRICT. The CONTRACTOR'S sole remedy is an extension of time to complete the PROJECT to account for any such delay.
7. The CONTRACTOR is responsible for all safety aspects of the job and his employees, including all lower tier subcontractors on the job site. The CONTRACTOR and all subcontractors must comply with Occupational Safety and Health Administration (OSHA) standards at all times. The CONTRACTOR must exercise safe practices at all times for the protection of all persons and property. Walkways and work areas must remain clean and unobstructed at all times.

- 7.1 The DISTRICT'S Project Manager may, without prior notice, inspect work sites to ensure compliance with the terms and conditions of the Agreement and with safety and health standards and requirements. In the event the CONTRACTOR fails to comply with health and safety standards or requirements, the DISTRICT'S Project Manager may issue an order stopping all or any part of the work. Claims by the CONTRACTOR for additional compensation related to a stop work order will not be considered or accepted by the DISTRICT. Any costs, direct or indirect, arising out of or resulting from the stop work order, will be the responsibility of the CONTRACTOR.
- 7.2 The CONTRACTOR must: i) immediately report to the DISTRICT'S Project Manager any work-related illness or injury which requires more than first aid treatment, or any loss or damage to DISTRICT property, ii) develop and post in the construction area a list of emergency phone numbers, iii) prior to commencement of the work, make provisions for prompt medical attention in case of serious injury; and iv) provide a standard first aid kit in a location readily accessible by all persons.
- 7.3 All construction employees must be suitably dressed for protection against injury. Hard hats are required and must be used in all construction areas during the course of work activity.
8. The CONTRACTOR will at all times protect its work from damage and will protect the DISTRICT'S property against injury or loss arising in connection with this PROJECT. The CONTRACTOR will correct any such damage, injury or loss except such as may be directly due to errors caused by the employees of the DISTRICT. The CONTRACTOR will protect and maintain all passage ways, guard fences, lights and other facilities for safety protection required by any public authority or local conditions. The CONTRACTOR will, at all times, protect public and privately owned property in and around the PROJECT site, structures, utilities, and work of any kind against damage or interruption of service which may result from the operations of the CONTRACTOR. Damage or interruption to service resulting from the CONTRACTOR'S failure to provide such protection will be promptly repaired or restored at the sole expense of the CONTRACTOR.
9. Except in an emergency endangering life or property, no extra work or change will be made unless in compliance with a written Change Order issued by the DISTRICT'S Project Manager, and no claim for an addition to the compensation will be valid unless so ordered. Correction of faulty or inadequate design by the CONTRACTOR is not grounds for initiation of a Change Order and the CONTRACTOR agrees to remedy such flaws at its own expense.

The DISTRICT may order extra work or request changes by altering, adding to, or deducting from the original Scope of Work or Final Plans via written Change Order agreed to by both parties. The compensation shall be adjusted accordingly. When requested by the DISTRICT'S Project Manager, the CONTRACTOR will submit a cost and performance proposal for changes in the work within 15 workdays after receipt of the request. The proposal will include an itemized breakdown for labor, materials, equipment and the time considerations for completing the change. All such work will be executed under the conditions of the original Agreement except that any claim for an extension of time caused thereby will be adjusted at the time of ordering such change. In giving instructions, the

DISTRICT'S Project Manager will have authority to make minor changes in the work, not involving extra time or cost, and not inconsistent with the purpose of the work.

10. If the CONTRACTOR is delayed at any time, in the progress of the work by an act of neglect of the DISTRICT, its employees, agents or consultants, or by changes ordered by the DISTRICT or by strikes, lock-outs, fire, unavoidable casualties or any other causes beyond the CONTRACTOR'S control, then the time of completion will be extended for such reasonable time as the DISTRICT'S Project Manager may decide. This is the CONTRACTOR'S sole remedy for the delays set forth in this paragraph.
11. If the CONTRACTOR should be adjudged bankrupt, or if CONTRACTOR should make a general assignment for the benefit of CONTRACTOR'S creditors or declare insolvency, or if CONTRACTOR should persistently or repeatedly refuse or should fail, except in cases in which extension of time is provided, to supply enough properly skilled labor or proper material, or if CONTRACTOR should fail to make prompt payment to subcontractors or for material or labor, or disregard laws, ordinances or the instructions of the DISTRICT'S Project Manager, or otherwise be guilty of a substantial violation of any provision of this Agreement, then the DISTRICT, upon certification by the DISTRICT'S Project Manager that sufficient cause exists to justify such action, may without prejudice to any other right or remedy, and after giving the CONTRACTOR seven (7) days written notice, terminate the employment of the CONTRACTOR, take possession of the premises and of all materials, tools and appliances thereon and finish the work by whatever method it may deem expedient. In such case, the CONTRACTOR will not be entitled to receive any further payment until the work is completed pursuant to the terms and conditions of the Agreement. If the unpaid balance of the contract price exceeds the expense of completing the work, including compensation for additional material and administrative services, such excess will be paid to the CONTRACTOR. If such expense exceeds such unpaid balance, the CONTRACTOR will pay the difference to the DISTRICT. The DISTRICT'S Project Manager will certify the damage and expenses incurred by the DISTRICT as a result of the CONTRACTOR'S default.
12. If the work should be stopped under an order of any court, or other public authority for a period of three (3) months, through no act or fault of the CONTRACTOR or of anyone under the CONTRACTOR'S control, then the CONTRACTOR may, upon giving seven (7) days written notice to the DISTRICT, stop work and recover from the DISTRICT payment for all work completed to date in accordance with this Agreement. The DISTRICT will have the option of suspending or terminating the Agreement.
13. In the case of termination of the Agreement before PROJECT completion, for any cause whatever, the CONTRACTOR, if notified to do so by the DISTRICT, will promptly remove any part or all of his equipment and supplies from the project site. If the CONTRACTOR fails to do so, the DISTRICT will have the right to remove such equipment and supplies at the expense of the CONTRACTOR.
14. The DISTRICT will have the right to take possession of and use any completed or partially completed portions of the work, notwithstanding the fact that the time for completing the entire work or such portions may not have expired. However, such possession and use will not be deemed an acceptance of any work not completed in accordance with this Agreement. If such prior use increases the cost or delays the work, the CONTRACTOR

may be entitled to such extra compensation, or extension of time, or both, as determined by the sole discretion of the DISTRICT'S Project Manager.

15. The CONTRACTOR will invoice the DISTRICT for progress made in each activity in accordance with the Schedule of Values attached to Agreement.
16. The CONTRACTOR is as fully responsible to the DISTRICT for the acts and omissions of the subcontractors, and of persons either directly or indirectly employed by the subcontractors, as CONTRACTOR is for the acts and omissions or persons directly employed by CONTRACTOR. Prior to commencing work, the CONTRACTOR will provide the DISTRICT with a photocopy of all required licenses and photocopies of licenses for all of its subcontractors. Nothing contained in this Agreement will be construed to create any contractual relation between any subcontractors and the DISTRICT.
17. The CONTRACTOR and the DISTRICT will develop a single list of items required to render the services purchased by the DISTRICT under this Agreement, complete, satisfactory, and acceptable to the DISTRICT within 30 calendar days after reaching substantial completion according to the following process. CONTRACTOR will contact the DISTRICT'S Project Manager to schedule a joint inspection of the project to occur after reaching substantial completion. The CONTRACTOR will provide the DISTRICT with a proposed list of items to be completed and the completion date for each item, within 7 calendar days from the date of inspection. Within 7 calendar days of receipt of the proposed list, the DISTRICT will either approve or revise the list to comply with the terms of this Agreement. If CONTRACTOR disputes any item, CONTRACTOR must provide supporting documentation for the disputed item within 7 days of receipt of the revised list. The DISTRICT will review CONTRACTOR'S supporting documentation and, in its sole discretion, make a final determination regarding the list of items required to render the services complete as set forth in this paragraph.
 - 17.1 All items that require correction under this Agreement and that are identified after the preparation and delivery of the list remain the obligation of the CONTRACTOR. The failure to include any corrective work or pending items not yet completed on the list does not alter the responsibility of the CONTRACTOR to complete all the services purchased pursuant to this Agreement.
 - 17.2 If a good faith dispute exists as to whether one or more items identified on the list have been completed pursuant to this Agreement, the DISTRICT will continue to withhold 150 percent of the total costs to complete such items.
18. The DISTRICT'S Project Manager will recommend final acceptance of the work performed pursuant to the PROJECT when it is completed and finished in all respects in accordance with the Agreement, including all its attachments. Final inspection will not be made until the PROJECT work is ready for beneficial use or occupancy. The CONTRACTOR will notify the DISTRICT'S Project Manager in writing fifteen days prior to the date on which the work will be ready for final inspection. Should it develop that the work installed does not justify such inspection at that time, or that the character of materials or workmanship is such that reinspection is found necessary, the cost of such reinspection including the salary, traveling expense and other expenses of the inspector(s) will be borne by the CONTRACTOR and will be deducted from any money due the CONTRACTOR.
