II. QUESTIONS AND ANSWERS:

1. **Question:** Is it the intent of the Southwest Florida Water Management District to have only one (1) vendor for all three sites?

Answer: No. Please refer to Clarification #3 and #4 of this Addendum.

2. **Question:** Due to franchise contracts some vendors are not able to pick up certain site(s). Will the Southwest Florida Water Management District allow for a vendor to only bid on sites they can service, which could mean awarding this contract to multiple vendors?

Answer: Yes. Please refer to Clarification #3 and #4 of this Addendum.

3. **Question:** Is the intention to award all locations and services to one contractor? If yes, if contractor is capable of providing all services to all locations, however is restricted on providing certain services due to franchise agreements in certain areas, will SWFL WMD consider awarding to multiple contractors?

Answer: No. The District may award by county, and bidders may bid on one or more counties. See Clarifications 3 and 4.

4. **Question:** Is the Initial Drop Off Fee considered to be the Initial Delivery Charge at start of contract award?

Answer: Yes. The initial drop-off fee is a per-dumpster delivery charge. It applies to dumpsters delivered when service begins and to new dumpster services the District requests during the term of the Agreement.

5. **Question:** **Is Column-Estimated Quantity referring to the frequency of service per month? If no, where is frequency of service outlined or is bidder to assume this is one time per week service provided for 6 and 8 cubic yard dumpster and 6-8 cubic yard dumpster Service Type, Container Size, and Waste Type?**
- Answer:** No. The column titled "Estimated Quantity" refers to the estimated number of dumpsters needed of that Service Type, Container Size, and Waste Type at that location. The column titled "Service Type, Container Size, and Waste Type" shows the frequency of collection.
6. **Question:** **Define « 6-8 » Cubic Yard Dumpster as outlined, when quantity is 1.**
- Answer:** Bidders will provide a unit rate for dumpsters sizes 6-8 yards as specified for the applicable line item.
7. **Question:** **Item 16 Administrative Fee, is this fee referring to Franchise Fees, if applicable?**
- Answer:** No. Include applicable franchise fees in the unit prices. Use the Administrative Fee line for any separate monthly administrative charge.
8. **Question:** **Item 16 Administrative Fee, is this all inclusive for all services and equipment outlined on RFB or just for page 20 as outlined?**
- Answer:** The Administrative Fee is one monthly charge for the county being bid. It is not limited to the items on that page. Not all providers charge an Administrative Fee in addition to the base charges bid, therefore this field can be notated accordingly as instructed in the Bid Response Form Instructions.
9. **Question:** **Unit of Measure column outlines Per Pull and Return, if site space allows, is contractor permitted to swap the 20 cubic yard dumpster with an empty container of equal size in lieu of round tripping the container on site for service? Example, bring empty 20 cubic yard dumpster, leave empty on site and haul full 20 cubic yard dumpster away.**
- Answer:** Yes.
10. **Question:** **Item 6 Column of Unit of Measure – Per Ton at Cost + Mark Up (Maximum 10% Mark-up allowed), is contractor permitted to haul to disposal facility of their choice or designated to haul to disposal facility assigned by SWFL WMD?**
- Answer:** Contractor is allowed to haul to a disposal facility of their choice as long as the facility is correctly permitted to accept the waste picked up and meets all applicable rules and laws of county of the location in which the pickup was made.

11. Question: Could these temporary services occur at addresses not outlined on Bid? If yes, could SWFL WMD provide addresses or zip codes?

Answer: Yes, they can happen at any location within the indicated county.

12. Question: Current Hauler/Current rate schedule.

Answer: The current hauler for Hernando, Hillsborough, and Polk Counties is Waste Management Inc. of Florida. The rate schedule under the current Agreement for Solid Waste Collection Services may be obtained by submitting a public records request via the District's website, www.watermatters.org.

13. Question: Is price increase schedule outlined in the (4) one-year renewals, does this include disposal increase as well as haul rates?

Answer: No. Increase only applies to Unit Rates. Percent Mark-up on the Per Ton at Cost of disposal is fixed.

14. Question: Is contractor expected to include all franchise fees, if applicable in Unit pricing? If yes, would SWFWMD provide exact tonnage reports for each location for the past year?

Answer: Yes. Bidders should include applicable franchise fees in their unit prices. Available tonnage data for the Brooksville and Tampa Service Offices is provided below. Tonnage data for Polk County is not available.
